Course length:	14 days (13 nights)

### Best choice for:

- > Students seeking a full immersion stay with a Spanish family learning our customs and improving your language skills.
- > Students aspiring to combine an immersion programme and sport or Multi-Activity

If you're interested in the opportunity to participate in a programme that focuses on Spanish Culture and home life, while greatly improving your Spanish language skills, this is the programme for you. You live in the language and you can't avoid learning. As soon as the student wakes each morning, the lesson begins, from chatting over breakfast to the end of the day, just relaxing and watching TV, the language spoken is the language you are studying. This is a full language immersion approach, which makes this method very effective and gives the student a true insight into the language and lifestyle.

Host families provide accommodation and all meals taken in the home, but are not expected to entertain the participants. Aside from the immersion programme all students will have the opportunity to participate in social activities, full day excursions or sports. These include visits to cultural places of interest or activities which represent the country and region you are visiting for your immersion homestay programme.

We offer 4 options:
